Sept. 18th, 10 AM

Quincy Bog Natural Area

131 Quincy Bog Road, Rumney NH

Quincy Bog is a peaceful nature preserve in Rumney NH featuring a scenic loop trail, floating boardwalks, and a rich history of community conservation. This offers many opportunities for wildlife viewing, including birds, ducks, frogs, turtles, herons, and beavers. We will walk the Joe Kent trail which winds through the alternating wetlands and upland forest, much of which is over floating planks directly over the water. A host will provide a brief overview of the areas. After the educational talk students, together with their adults, are welcome to explore the trails individually or in groups. They offer brochures to help identify various things you will see on your walk. As you walk the trail you will notice many numbered trees and plants, the numbers correlate to the information in the brochure Insect spray recommended.

Cost: Free

October 7th, 10 AM

The Pierce Manse

14 Horseshoe Pond Lane, Concord NH

Program: New Hampshire and the Presidency: The Life and Times of Franklin Pierce

Through a guided tour of his home, learn about Franklin Pierce, the 14th President of the United States and the only New Hampshire resident to be elected to the White House. Learn about his military service, his involvement in state and national politics before his election to President, and his Presidential accomplishments.

Duration 60 minutes

Cost: $5 Students and Adults, Age 4 and under free

Max number of participants: 35 (may need to limit to one adult per family group)

October 23rd, 10 AM

Strawberry Banke

14 Hancock Street, Portsmouth NH

Strawbery Banke Museum offers interactive, hands-on experiences which immerse learners in New Hampshire's history through engaging self-guided tours, dynamic workshops, and guided programs. Programs bring history to life in a way that sparks curiosity and fosters a deeper understanding of the past for upper elementary students. We will have 1-2 scheduled programs depending on the number of participants and also have time to walk around the property (self guided).

Work It Out: Colonial Trades and the Early Economy: Step into the shoes of an 18 th -century apprentice and explore several of the most important trades in a Colonial seaport. Students will visit the home of a sea captain to touch and smell some of the exotic imports that were part of Portsmouth's thriving economy. Work as a team of joiners to assemble the model of an 18 th -century building and discover the early medical profession as an apothecary. This hands-on program allows students to investigate three different Colonial trades and learn about the workings of the pre-industrial economy. The program includes time for the self-guided tour during which groups can explore the 18 th -century trades of weaving, basket weaving, baking, tavern keeping, and woodworking through demonstration and experiential learning.

Cost: $15 Students and $10 Adults, Age 4 and under free

December 11th 10:30 AM
Museum of Fine Arts Boston
465 Huntington Ave., Boston MA

Program: Art of Early Civilizations Tour

Students engage with select objects from pre-modern civilizations, including ancient Rome, Greece, Egypt, Nubia, and Mesopotamia. By using objects as primary sources, students practice close-looking to investigate key themes such as daily life, governance, and religious beliefs and practices. Trained guides prompt students to build connections across civilizations and examine how objects reveal the practices, resources, and structures that shaped each society. Through meaningful conversations, students build a sense of historical empathy and ancient personhood by connecting the lives and practices of ancient peoples to their own.

Following program museum exhibits can be visited at your leisure. Students including high school students must be with a chaperone at all times.

Cost: Free through MFA grant for NH and MA

January 15th, 1:00 PM and 1:45 PM
Van Otis Chocolates
341 Elm Street, Manchester NH

Come tour Van Otis Chocolates and watch expert chocolatiers in action. You will receive a tour of the factory and roll up your sleeves to make a sweet creation too. This field trip is a lighthouse favorite.

Duration 45 minutes

Cost: $15 Students and Adults, minimum age 7

Max number of participants: 20 per tour

January 22nd, 10 AM
The Palace Theatre
80 Hanover Street, Manchester NH

Little Women, The Broadway Musical

Cost: $15 Students / Adults
Max number of participants : 40

February 12, 10:00 AM
Montshire Museum
1 Montshire Rd, Norwich VT

The Montshire Museum of Science is a hands-on museum, with more than 150 exhibits relating to the natural and physical sciences, ecology, and technology. Educators work with students in a hands-on classroom setting for the two program options below. Families are welcome to spend the day at the museum and pack a lunch. Lunch space is not guaranteed.

Schedule for the day: Arrival 10 AM

Museum exploration 10 AM - 2 PM

Rollways 10:15 AM - 11:00 AM

Scribble Bots 11:30-12:15

Rollways:

Using tubes and tunnels, students will explore force and motion to create a large rollway. During the workshop, they will have many opportunities to problem - solve, build and work with others to create interesting and exciting routes for their marble. Recommended grades K-3

Scribble Bots:

Students will create a machine that makes modern art while learning how to wire circuits, offset a motor, problem solve, experiment with balance, deal with material constraints, and troubleshoot components. It's a multi-disciplinary experience that students will not soon forget. Grades 4+

Cost: $13 per student, $16 per adult.

March, Date TBD
Manchester Historic Association's Millyard Museum
200 Bedford Street, Manchester NH

Students work in groups as they complete taste at different stations using artifacts and primary resources. Concepts explored include child labor, labor struggles, cotton production, immigration, home life and urban development.

Inventors and Innovations -
Manchester has been a boom town for ingenuity and innovation since the beginning. Explore innovators and inventors from Manchester distant and not so distant past. Exp;lore STEAM based hands on learning stations with topics such as robotics and Dean Kamen, Margaret Knight: Girl genius, Ralph Baer and the video game, the amazing world of Velcro and entrepreneurs of our Queen City.

Cost: $15 Students / $12 Adults

April 9th, 10:30 AM
NH Historical Society Guided Tour and NH State House Guided Tour
30 Park Street, Concord NH - NH Historical Society
107 North Main Street, Concord NH - NH State House

A visit to the New Hampshire Historical Society is a great way to reinforce student learning in a stimulating environment. Upon entering the monumental rotunda of the Society's historic 1911 building, students will see iconic objects and images of New Hampshire's history, including the original eagle that once sat atop the state capitol, portraits of royal governors, and a rare Revolutionary
War flag of the Second New Hampshire Regiment.
In the exhibition Discovering New Hampshire, on view in the second-floor gallery, students will learn about people, places, and events in New Hampshire history through a rich assortment of museum objects and archival materials from the Society's collections. In a hands-on activity, held in the Society's auditorium, students will use artifacts to delve into how everyday life in New Hampshire has changed over time. After our tour of the New Hampshire Historical Society we will walk across the street to the NH State House.
We will enjoy a 1 hour guided tour of the NH State House. We may be able to meet some of the state representatives. We will tour the Governor's office and might even meet him.
